|----------|---|
| Pol. 304 | This responsibility is in addition to the requirement for clearances that must be presented to the district when an individual is initially hired by the contract carriers.   |
| Pol. 317 | <p>The district and contract carriers shall have procedures in place to ensure they are notified by their employees when the employees are charged with crimes or child abuse. The procedures shall also include the provision that the failure on the part of employees to make such a timely notification shall subject them to disciplinary action, including termination.</p> <p>If any bus drivers have been charged as stated in this policy, the transportation contract carriers shall, in their written, yearly notification, include the name of the employee, nature of the offense, and the status of the disposition. The district will review this information to determine if the employee shall continue to transport district students.</p>  |
| Pol. 818 | <p>In addition, the district may evaluate information that goes beyond the minimum statutory requirements regarding qualification of school bus drivers where the convictions are beyond the five-year look back period. All crimes may be considered in the evaluation process. While the crimes do not, under Public School Code, disqualify individuals absolutely from employment, the Board believes that they clearly relate to an applicant's suitability to work closely with children and should therefore at least be considered on a case-by-case basis in evaluating an applicant's overall qualification.</p> <p>References:</p> <p>School Code – 24 P.S.
